

PRO-CLIMATE

PRO-CLIMATE aims to support communities to proactively adapt to climate change through social transformation and behavioural change.

PRO-CLIMATE will identify social tipping points and policy actions that enable systemic transformation to be achieved across social systems.

Living Labs

Six (6) diverse Living Labs across Europe will bring stakeholders together to understand community governance and institutional structures, pilot and validate the project's activities.

1. Sligo, Ireland
2. Leipzig, Germany
3. Badajoz, Spain
4. Bergen, Norway
5. Gdansk, Poland
6. Zakynthos, Greece

Who would benefit?

- Policymakers
- NGOs and citizen groups
 - SMEs
- Business support organisations
- Research community
- General public

Outputs

- Living Lab framework
- Key drivers and barriers of social transformation and behavioural change
- Behavioural change process manual
- Web-based policy sandbox tool
- Policy recommendations

Consortium

Start date: 1 January 2024 **End date:** 31 December 2026
